---

On 03/27/18 I was monitoring radio traffic in District 1 when Sgt. Vaughn responded to a suspicious person call in the area of Brightwater Drive. Prior to his arrival dispatch advised the suspect was attempting to break into the complainant's residence. Myself and Det. Holder began heading in that direction from Country Club Road and Hwy. 98. In less than a minute Sgt. Vaughn radioed he needed assistance and that shots had been fired. He also requested a medical unit 10-18. Initially it was thought that Vaughn had been shot as well as the suspect and all available units responded to that location in emergency mode.

En-route I advised dispatch to do an Administrative page and advise Crime Scene. I arrived at the location of 2042 Brightwater several minutes later and noticed multiple SRSO vehicles already on-scene and that the area around that residence was being cordoned off with crime scene tape. I first made sure that Sgt. Vaughn was ok and spoke with him briefly by Dep. Baney's vehicle. He was visibly shaken up but physically appeared to be ok with some noticeable abrasions on his lower arms. I then proceeded to the complainant's residence where I observed a male subject lying on his back in the driveway with blood around his chest area and he was not moving. The Med Unit's paramedic advised me the subject was deceased and called at 1306 hrs. I entered the residence with Dep. Nix and made sure the male resident was ok then proceeded back outside. I was on the phone several times with various Administration members briefing them as to Sgt. Vaughn's status and the information I knew at that time.

With the assistance of Sgt. Melissa Spratt we made sure that the proper crime scene areas were closed off and secured. Dep. Kyles and I covered the suspect with a blanket and I had him maintain the scene log of all personnel entering and exiting the area. I went to check on Sgt. Vaughn again who was at his vehicle and had Dep. S. Clark drive him in my agency vehicle to Gulf Breeze ER to get medically evaluated. I did not have an available supervisor at the time to take Sgt. Vaughn so prior to him leaving the scene I had him remove his agency issued weapon from it's holster and secure it inside his vehicle without removing the magazine or chambered round. I provided him my agency issued weapon as a replacement.

I notified Dispatch and the Administration that Sgt. Vaughn was being taken to hospital and remained on scene with other units until agents from the Florida Department of Law Enforcement arrived to assume command of the scene and the investigation. SA Chris Williams was first to arrive and was briefed with all known information we had at that point. Witnesses had been identified and their names and locations provided to SA Williams and his team. All units present were interviewed and statements given. On arrival of the F.D.L.E. Crime scene unit I turned over to her Sgt. Vaughn's name tag which had come off during the confrontation and then his firearm which had been secured and untouched.

Once F.D.L.E. had control of the scene Deputies S. Clark and B. Baney remained to provide any needed assistance until they were released. Lt. Welch and I took Sgt. Vaughn's vehicle to his residence once he had been cleared from the hospital and taken home. That concluded my involvement. Supplements from involved deputies are pending.

This incident occurred in Santa Rosa County Florida.

On 03/27/2018, I was dispatched to 2042 Bright Water Drive in reference to suspicious person complaint. While en- route, dispatch advised that the suspect has broken a window and entered the home of the complainant. A short time later, I could hear unit #37 Sergeant Vaughn arrive on scene. While still en-route I could hear Sergeant Vaughn yell for help and that shots had been fired with the suspect down.

I engaged my emergency equipment and ran priority to the scene. upon arrival I saw Sergeant Vaughn attempting to administer first aid to the suspect(name unknown). The male was lying on his back with his feet crossed and pointing west while his head was pointed east. His arms was outstretched in a crucifix manner. His eyes was slightly open and the color was drained from his facial area. It was obvious that the suspect was deceased , however, I felt for a pulse and determined that the white male was deceased. I relayed this information to dispatch and advised that I still needed to clear the home for other suspects. Deputy Baney and I cleared the home determining that no other threats existed.

I exited the home and initiated a crime scene log. Andrew Zimmerly of Life Guard Emergency Services Med 2 arrived on scene and pronounced the Time of Death at 1306 hrs.

I was released by F.D.L.E and relieved of duty by # 87 Deputy Clark at 1529 hrs.

On 03/28/2018, Deputy Steve Clark unit #87 informed me that he had the suspects vehicle towed by Tiger point Paint & Body without any holds.

The vehicle's tow receipt from Tiger Point Paint & Body along with SRSO form 03-152 (Tow Sheet) and the hand written crime scene log will be submitted into evidence.

On 03/27/2018 I responded to this address in response to an officer in trouble call.

Sgt. Vaughn was about to be transported to the hospital when I arrived, so I used my agency issued camera to take pictures of him before he left the scene. I also gathered the information on fire and EMS personnel who responded, and passed that information to Deputy Kyles for his log.

Before I was put back into service, I gave my camera to Sgt. Spratt. FDLE downloaded the photos from my sim card and returned it.

I burned the photos to CD and placed it into evidence.

This concludes my involvement in this case.

was responding to a suspicious person call at 2042 Bright Water Dr in District 1. I heard radio traffic from Dispatch that the suspicious person was now attempting to break into a residence. I began to respond towards the location of the suspicious person. Shortly there after I heard radio traffic which I believe was from Sgt. Vaughn that sounded like he was in distress and that a physical altercation was taking place. I advised Dispatch that I was responding 10-18. During this time further transmissions from Sgt. Vaughn stated that he needed assistance and that shots had been fired.

When I arrived on scene Sgt. Vaughn was near the driveway of the residence. There was a adult male laying face up in the driveway who appeared to have sustained at least one gunshot wound. The subject was not moving and appeared to be deceased. I also noticed that Sgt. Vaughn's Taser was on the ground and that his name tag and service pin had been ripped from his uniform. At the direction of Sgt. Vaughn, myself and Deputy Kyle's cleared the residence and assured there were no other suspects on scene. After clearing the residence I took Sgt. Vaughn to the side to make sure he did not have any injuries that required any immediate attention. At this time I noticed both of Sgt. Vaughn's arms had blood on them and the blood did not appear to have come from Sgt. Vaughn. I requested Deputy Stovall photograph the blood on Sgt. Vaughn's arms so the med unit could decontaminate him.

I noticed a Nissan Maxima parked in the roadway in front of the residence which appeared out of place. I asked the victim Peggy Purves if she knew who this vehicle belonged to, to which she indicated to me it belonged to the deceased male laying in her driveway. After running the Kansas tag through NCIC/FCIC the registered owner was a 24 year old male name Isaac Scroggie who matched the deceased males demographics. The registered owner was not in our MNI but I was able to locate him in Datashare where PPD had a Pensacola address for the individual. I relayed this information to Lt. James who at the time had command over the scene.

I then assisted the other deputies on scene with securing the crime scene and victim until FDLE arrived. I remained on scene with FDLE and provided any needed assistance until I was released from the scene by FDLE.

3/29/2018 11:09	SUPPLEMENT	NIX, JOHN CHARLES II	S138	JNIX	3/29/2018 12:11
Status: APPROVED	DAVIS, BLEVIN CARTER	4/2/2018	09:10		

On 03/27/2018, I was sitting at a closed business (3539 Gulf Breeze Parkway) when I heard dispatch advised Unit #89 (Deputy Kyles) of a suspicious persons complaint at 2042 Bright Water Drive. Unit #37 (SGT. Vaughn) advised dispatch he would be en-route as well. A short time later, dispatch advised the white male suspect was trying to gain entry through the back door. At this time, I started travelling east on Gulf Breeze Parkway towards the scene. While en-route, dispatch advised the suspect broke a window and he is entering the residence. Unit #37 advised he was on scene at this time. I initiated my emergency lights and siren at this time. Unit #89 was directly in front of me so I began following him to the scene. While en-route, I heard Unit #37 on the radio yelling for help. A short time later, Unit #37 advised dispatched to get EMS en-route.

Upon my arrival at the scene, I observed a white male lying in the driveway of 2042 Bright

Water Drive. Unit #37 had an AED in his hand and attempting to administer first aid to the white male. As I approached the white male, I observed Unit #89 checking for his pulse. Unit #89 advised the white male did not have a pulse.

At this time, I began taping off the scene. After taping off the scene, I spoke with the complaint who advised her husband and dogs were still inside the residence. In order to preserve the scene, I removed the dogs from the residence and handed them to the complaint. While standing next to the complaint, she stated the following: " I knew the guy was going to kill me. The deputy did everything he could not to have to kill him."

I remained on scene and assisted Unit #89 keep the scene log.

I have no further information at this time.

Status: APPROVED	DAVIS, BLEVIN CARTER	4/2/2018	09:10		

---

On 03/27/18, I was en route to a follow up on Shady Ln, when I heard on the radio Sgt. Vaughn responding to a suspicious person. I heard dispatch advise the suspect was trying to get in the residence. After hearing the radio traffic I started to respond to the call. While responding, Dispatch advised the suspect was inside the residence with the victim. I activated my emergency lights and siren upgraded my response to emergency mode (10-18). I observed Lt. James in front of me around Tiger Point Blvd. We were both responding 10-18. Seconds after upgrading to 10-18, I heard Sgt. Vaughn advise he was on scene. Sgt. Vaughn then came across the radio requesting help. It sounded like Sgt. Vaughn was in a physical altercation. Sgt. Vaughn then came on the radio advising shots fired.

Lt. James and I arrived on scene together. I got Sgt. Vaughn to his patrol car, where I had him sit down. Other deputies were arriving on scene at this point. I was standing outside of Sgt. Vaughn's patrol vehicle, When a Midway firefighter/paramedic, Mike McKenzie approached me and asked to speak to me. Mike advised me he believed he may have the incident on his home security video surveillance system. I asked him to stand by until I could get the information relayed to Lt. James. I advised Lt. James of the possibility of the video.

I then assisted Sgt. Salter with expanding the crime scene tape. I then assisted Sgt. Spratt with helping remove the victims from their home to an adjoining neighbors residence. I remained on scene until; released by Lt. James.

SANTA ROSA COUNTY SHERIFFS OFFICE  
Printed On: 08/12/2019 @ 09:10

activated my emergency lights and responded to the scene. While entering the crime scene, I was waved down by a white female, who was later identified as Peggy Purves. Ms. Purves, who was standing outside the crime scene tape said she needed to check on the well being of her husband and dogs. Because Mrs. Purves lived where the shooting had occurred, I directed her to speak with Sgt. Melissa Sprat. After completing that task, I made contact with Sgt. Vaughn to ascertain if he had been injured. Sgt. Vaughn said he believed that he was unhurt, but seemed shaken up. I then briefed Lt. James of my observations and requested permission to transport Sgt. Vaughn to Baptist Hospital E.R. (Gulf Breeze) for an evaluation. Lt. James approved the request and I transported the Sergeant in Lt. James' assigned vehicle. When driving to the E.R., Sgt. Vaughn said his genital area was sore, due to the suspect grabbing him there. After arriving at the E.R., I was subsequently relieved by Lt. John Welch.

I returned back to the crime scene where I made contact with Lt. James. Lt. James assigned me to standby and maintain security, while F.D.L.E. processed the scene. In addition, I took over the crime scene log from Deputy Kyles.

F.D.L.E. Investigator Christopher Williams advised that the suspect's vehicle, a Nissan Maxima was no longer needed for their investigation. He requested that I contact our on-call wrecker to remove the vehicle. In addition, he said the vehicle could be released to the suspect's family. Tiger Point Paint & Body responded and removed the vehicle.

Once F.D.L.E. was complete with their investigation, I cleared the scene.

This incident occurred in Santa Rosa County Florida.

6/20/2018 13:23	SUPPLEMENT	WATSON, CHRISTOPHER C	004	CCW	6/20/2018 13:24
Status: APPROVED	WATSON, CHRISTOPHER C	6/20/2018	13:25		

On June 1st, 2018 this case was closed after review by the office of the State Attorney with no further action. Offender is deceased and the involved officer shooting was deemed justified. See attachments.
